

GRANT A WISH

2018 - 2019 CLASSROOM GRANT CAMPAIGN

80 Wishes totaling over **\$111,000** were awarded to Elkhorn Public Schools classrooms through the Foundation's Classroom Grants Program this year!

Please consider supporting our classroom grant program so we can continue to grant more wishes for grants like new technology, anti-bullying rallies, schools plays, and more! You can even designate your donation for your school or specific grant.

SEE THE LISTING OF YOUR SCHOOL'S GRANTS ON THE BACK.

Your donation will be recognized in the program for our Hall of Fame Reception on October 25th, as well as on grant checks at each school.

Yes! I want to help grant wishes!!!

Please accept my donation of \$ _____

Apply to any "wish" or school requiring funding.

Direct my contribution to the following school, category or grant:

I wish to remain anonymous for recognition purposes.

My recognition preferences are different than below. Please use the following name(s) in your HOF Program: _____

Name _____

Address _____

Phone _____ Email _____

DONATIONS ARE DUE BY OCTOBER 5TH.

Return this form with your check payable to Elkhorn Public Schools Foundation to our office at:

20272 Veterans Dr.
Elkhorn, NE 68022

The Elkhorn Public Schools Foundation is a private, non-profit 501c(3) corporation. Any questions? Call 402.289.1727

Thank you for your support!!!

GRANT A WISH

2018-2019 EPSF Classroom Grant Program- Multi School Wish Request

School	Grant Name	Description	Requestor	Grade	Amount
ALL DISTRICT	<u>Participation for the Multiply Involved Student</u>	Students who face multiple physical challenges and impairments are often unable to participate in structured classroom activities with the other students. The purchase of assistive technology equipment and devices will allow these students to not only participate in the activity, but will also allow them to make choices, gain knowledge of concepts, interact with their peers, and establish some control over their environment, which is often missing in their daily routines.	Lucy Gunning	K-12th & YAP	\$1,600.00
All High Schools	<u>Making sense of sensory spaces</u>	The making sense of sensory spaces begins with the construction of a sensory "box" with lights, switches and communication devices designed to assist those with sensory needs regulate throughout their school day. It is a collaborative project to meet the needs of upcoming young adults into the transition program. A project manager (yet to be named) will provide materials costs, work with the team to develop the box based on individual sensory needs, construct, and deliver the project to the young adult classroom in time for the 2018-19 school year.	Dawna Daily	YAP	\$1,000.00
All Middle Schools	<u>Kyle Peterson (RESPECT Performance on bullying)</u>	Each year at Grandview, we have a Purple Hands Rally where we bring our staff, students, and community together to take a stance on ending bullying and violence in our schools and community. We have a performance from RESPECT that focuses on bullying and how students can respond to bullying situations in a healthy way. We invite community members to attend as a sign of support that we are all together in supporting one another. At the end of the presentation we ask our honored guests to trace their hands as a visual sign to no use their hand or words for hurting themselves or others. Following that, our honored guests, staff and students recite the Purple Hands Pledge together. Activities follow throughout the week. This grant would be used to have RESPECT or a similar presentation or speaker to perform at our Purple Hands Rally. Thank you for your consideration.	Kyle Peterson	6th-8th	\$1,380.00
All Middle Schools	<u>3D Printing/Prototyping (Flash Forge)</u>	3D printing allows for rapid prototyping. Students will learn the Engineering Design Process and make prototypes of products that solve real-world problems.	Crista Goehring	6th-8th	\$5,308.00
All Middle Schools	<u>Middle School Theatre Production: Microphones</u>	These microphones will allow additional actors access to the resources, with out inhibiting others during a performance. Additional microphones will increase actor access in shows and create a comparable system to that which is used in the high school setting. These technical tools will also enhance student use and provide more hands-on experiences for careers in this field.	Joseph Timmerman	6th-8th	\$1,027.00
Elkhorn Middle School, Elkhorn Grandview Middle School	<u>Middle School Theatre Production: Microphone and Equipment</u>	We are looking to complete our sound system for the middle schools' theatre program. Adding one microphone receiver and one headset will give students the opportunity to have four active microphones onstage instead of three. This grant would be benefit TWO schools (\$917.15 per building= \$1834.30 TOTAL). It gives EMS and EGMS the chance to give more students an opportunity to be onstage. In addition, students are running the sound board and will be able to get more hands-on career-readiness training.	Rachel Peterson	6th-8th	\$1,834.00
Elkhorn Valley View Middle School, Elkhorn Ridge Middle School	<u>Middle School Theatre Production: Microphone and Equipment</u>	We are looking to complete our sound system for the middle schools' theatre program. Adding one microphone receiver and one headset will give students the opportunity to have four active microphones onstage instead of three. This grant would be benefit TWO schools (\$917.15 per building= \$1834.30 TOTAL). It gives ERMS and EVVMS the chance to give more students an opportunity to be onstage. In addition, students are running the sound board and will be able to get more hands-on career-readiness training.	Lindsay Vecchio	6th-8th	\$1,834.00
Elkhorn Valley View Middle School, Elkhorn Ridge Middle School	<u>Middle School Theatre Production: Microphones</u>	The Elkhorn Middle Schools were graciously provided new sound systems and microphones to enhance our theatre department and provide students with access to real technical equipment to utilize during productions and training. To continue the development of this sound system and create a functional unit we are seeking two additional microphones to use during theatrical productions. These microphones will allow additional actors access to the resources, with out inhibiting others during a performance. Additional microphones will increase actor access in shows and create a comparable system to that which is used in the high school setting. These technical tools will also enhance student use and provide more hands-on experiences for careers in this field.	Hayley Berglund	6th-8th	\$1,027.00
MULTIPLE BUILDING TOTAL					\$15,010.00
