## EVENT INFORMATION

April 4th • 6-9PM • Elkhorn Alumni Center

Our annual fundraiser benefits the Foundation's Before and After School Math & Reading Intervention Programs. In the 2017/2018 school year, the Foundation funded over \$93,000 in additional teacher instructional time to help elementary students improve their overall reading and math comprehension. This school year, over 500 students were identified as needing additional teaching instruction in math and reading. With our mobile bidding platform, you have the added benefit of company exposure to supporters not able to attend our event. Last year we had over 400 participants viewing our auction packages, bidding and winning! We are offering you a great opportunity to align with a unique and very worthwhile cause.
