

GRANT A WISH

2020-2021 EPSF Classroom Grant Program- Hillrise Wish Request

School	Grant Name	Description	Requestor	Grade	Amount
Hillrise Elementary	<u>ClearTouch Interactive Success</u>	In keeping with the district standards for equity, I am requesting the ClearTouch Panel-70"-6070U as recommended by the technology team. My current technology works inconsistently and fails to accommodate younger students when using interactive technology. The maintenance, most notably the replacement bulbs, make the current system cost prohibitive, especially since it does not adequately meet the needs of the building. The new board has a larger screen with a display that will truly benefit all students in the school. It will maximize learning across grade levels by allowing students to participate more and offering a clearer screen when teaching a larger group of students in one setting. Further, it accommodates numerous components of the guaranteed curriculum, including video clips, song accompaniment, and interactive projectables that I am unable to offer for individual consumption. Additionally, as the district level BLTF, it enables me to stay current on upgraded technology and pass along that knowledge to staff members.	Sara Schuelke	K	\$4,200
