

GRANT A WISH
 2020-2021 EPSF Classroom Grant Program- Woodbrook Wish Request

School	Grant Name	Description	Requestor	Grade	Amount
Woodbrook Elementary	<u>Woodbrook Bookroom</u>	We are requesting a grant for the bookroom at Woodbrook. The request includes multiple leveled readers for teachers to use during guided reading instruction. All students at Woodbrook Elementary will benefit from this grant by being exposed to various texts and story styles. Students will have opportunities to practice decoding and comprehension strategies in multiple stories. With this grant, teachers will help provide opportunities for students to gradually increase their reading abilities. The bookroom books will not just benefit the new students at Woodbrook this year, but the numerous students that will learn at Woodbrook for years to come!	Jillian Moore	K-5th	\$4,828
Woodbrook Elementary	<u>IXL Language Arts Student Access Membership</u>	IXL Language Arts will benefit students kindergarten through fifth grades both for intervention and enrichment and both during school hours and at home to reinforce and extend skills. We would like to offer this program to our students as they begin at Woodbrook Elementary. The IXL Language Arts program focuses on a variety of skills for students to help us reach our building wide goal in the areas of reading and writing. Teachers also love IXL because they can see their students' progress immediately. They are able to see exactly which problems students miss, where trouble spots may be, how they have progressed over time, and how much knowledge they have truly understood and retained.	Jessica Haskins-Ritonya	K-5th	\$1,063
Woodbrook Elementary	<u>Playaways</u>	At Woodbrook, we are anticipating a diverse group of students who will read books in classroom read-alouds, novel units, and independently. Playaway books are a way for all students with a variety of reading abilities to be engaged in and enjoy a variety of books that the media center has to offer. The device will help increase comprehension, vocabulary and fluency skills. There is a variety of speed ability on a playaway that can be paired for the students needs. This system will allow both struggling readers and high ability readers to feel pride and confidence in completing a book in a new way.	Abby Smith	3rd-5th	\$1,565
Woodbrook Elementary	<u>Woodbrook - Flocabulary</u>	"The Flocabulary program offers engaging raps, quizzes, lyrics, worksheets, that can be utilized across the curriculum. The Woodbrook team of teachers for 2019-2020 school year would like to be able to utilize Flocabulary across all subject areas including Guidance and Special teachers. Flocabulary really matches curriculum and skills being taught in all subject areas. I have used it in Manchester for 2 years now, and have received very positive feedback from all teachers. Flocabulary has been used to engage students, introduce a concept in any subject, or provide a great closure strategy for teachers. My students sing along, and find enjoyment and fun in their learning while listening to the lyrics and rhythm Flocabulary offers. Some of the raps include the following skills: using context clues, main idea and details, and author's purpose are just a few that were played on a regular basis. The program offers a weekly rap of current events, as well as a packet of activities for the students to complete using vocabulary words. The students look forward to this every day and would request a song when introduced a new skill. There are Math, Language Arts, Vocabulary, Science, and Social Studies videos that align to our district curriculum. We would use this program across the curriculum. The membership for school wide is \$2,000. Woodbrook K-5th teachers are requesting to implement the use of Flocabulary into their instruction.	Troy Stoller	K-5th	\$2,000
Woodbrook Elementary	<u>Writing Tablets for littles</u>	Kindergarten and first grade at Woodbrook would like to purchase LCD writing tablets to take the place of dry erase boards. This will reduce waste of markers and allow instructional minutes to be preserved due to a decrease in transition time.	Julie Adamson	K & 1st	\$1,100
TOTAL WISHES					\$10,556
