

2022-2023 EPSF Classroom Grant Program- Sagewood Elementary School Grants

School	Grant Name	Description	Requestor	Grade	Amount
Sagewood Elementary	<u>Fountas & Pinnell Leveled Literacy Intervention (LLI) Green System, Second Edition</u>	The Fountas & Pinnell Leveled Literacy Intervention is a powerful, short-term intervention, that provides daily, intensive, small-group instruction, which supplements classroom literacy teaching. LLI turns struggling readers into successful readers with engaging leveled books and fast-paced, systematically designed lessons. The LLI system can be used by classroom teachers, Reading Specialists, Special Education teachers and ELL teachers who are looking for a systematic approach to reading outside of the reading curriculum. The LLI Green kit provides a range of high-quality, high-interest books (levels A-K) for students to read while receiving explicit, direct instruction to help develop and strengthen reading strategies that can then be carried over into the classroom in all subject areas. This grant will benefit students by developing engaged, enthusiastic readers while growing in the areas of reading and comprehension strategies. The LLI systems are designed to: Advance the literacy learning of students not meeting grade-level expectations in reading Deepen and expand comprehension with close reading Elevate the expertise of teachers Increase reading volume by engaging students in large amounts of successful daily reading Increase student engagement with books that build knowledge Intervene with small groups of struggling readers to maximize growth Meet the needs of struggling readers Monitor student progress.	Lisa McDermott	K-4th	\$ 3,979
Sagewood Elementary	<u>Field trip experiences in the community, books for Language Group</u>	This classroom grant project would allow our Language Group students to learn about their community and learn new communication skills using their voice or communication devices. Our students would be able to use the books they read to learn about different places in our community including a pizza shop, grocery store, and animal rescue. As they read the books, they will learn valuable early literacy skills such as turning pages, using their finger to track, title, and author. They would then get to apply their new knowledge about their community and newly acquired communication skills at different places in the community during field trips. The students would have the opportunity to follow a grocery list to purchase items for a recipe, order/make a slice of pizza, and visit animals at an animal rescue. Our students would also have the opportunity to practice their social skills using their voices or communication devices while out and about in the community.	Michaela Koenig	K-5th	\$ 460
