

2026-2027 EPSF Classroom Grant Program - Elkhorn South High School Grants

School	Grant Name	Description	Requestor	Grade	Amount
Elkhorn South High School	Robotics	<p>At Elkhorn South, we have a tradition of a strong Robotics Teams and Program. We have students that are incredibly dedicated to continuing this tradition of excellence and put an incredible amount of time and effort into making a robot that will make the program proud. With each new season, we need to restock our supplies and purchase new game pieces for the upcoming season. In addition, we need to purchase equipment that is specific to the game pieces for the upcoming tournaments. During the season, students use problem solving skills to create a robot from scratch. They need to consider a design that will work with the new game for the season. Students have to collaborate with team members as each person on the team has a job. Some students are building, some are driving and others are programming. All members of the team are communicating to ensure their robot will score them maximum points when it comes time to compete. After the first tournament, it is back to the practice room to tweak the robot and the programming. The students will collaborate as they discuss what went well and what did not go so well, and what they liked with other robots. This is such a great experience for students to learn to work together, communicate and problem solve. Additionally, for some of our High Ability students, this is the place where they feel connected at school and have a chance to showcase their abilities.</p>	Corrie Suhr	ESHS / 9-12	\$ 5,000.00
TOTAL ELKHORN SOUTH HIGH SCHOOL CLASSROOM GRANTS					\$ 5,000.00
