

2026-2027 EPSF Classroom Grant Program - Elkhorn Valley View Middle School Grants

School	Grant Name	Description	Requestor	Grade	Amount
Elkhorn Valley View Middle School	<u>Vex Robotics Funding for Robotics Team at EVVMS</u>	<p>Our EVVMS Robotics Club continues to grow. This year we have increased our robotics club, competing teams, and even hosted our own competition! The foundation has been able to support our robotics program the last few years by providing us funds to register teams for competitions and also replace some old parts! It would be awesome if the EPS foundation could continue to support this program next school year. I have found that as our program continues to grow, the continued need for more parts grows. Each year, students build robots from scratch using parts purchased through Vex Robotics. Every year, as our team grows, we run short on several parts! There is also a new game each year which we have to purchase the game field in order to practice! I would like to purchase a couple game fields next year so I can have multiple teams practicing at the same time.</p> <p>I am also requesting some funds to help pay for registration fees to register teams for next year through Robot Events! The fees in RobotEvents.org have increased quite a bit this year from 150 per team after the first team, to 200 per team. I am hoping to also apply for a grant through RobotEvents next year to cover the cost of 3 of my projected teams next year.</p>	Amy Williams	EVVMS / 6-8	\$ 4,500.00
Elkhorn Valley View Middle School	<u>Teaching Through Arts Grant</u>	The Teaching Through the Arts Grant would greatly facilitate a working theatrical production in a middle school setting. At Elkhorn Valley View Middle School, the monetary funds would go towards a variety of products used to make a successful production. Scripts, costumes, props, set materials (wood, nails, and paint), and stage makeup would be some of the uses of these funds. These materials would provide close to 600 students with materials and resources to create a theatrical production comparable to other theaters and have hands-on experience with a variety of real theater components.	Malissie Plugge	EVVMS / 6-8	\$ 1,500.00
Elkhorn Valley View Middle School	<u>Tuner Caddy</u>	This project will provide 40 tuners with pick-up microphones and Tuner Caddies to all students in the Elkhorn Valley View band program (260 students currently enrolled, largest class currently 62 students). The Tuner Caddy clips onto a music stand, making a tuner accessible to every student.	Nate Auman	EVVMS / 6-8	\$ 1,547.95
TOTAL ELKHORN VALLEY VIEW MIDDLE SCHOOL CLASSROOM GRANTS					\$ 7,547.95
