

2026-2027 EPSF Classroom Grant Program - Westridge Elementary School Grants

School	Grant Name	Description	Requestor	Grade	Amount
Westridge Elementary	<u>Reading Intervention Materials</u>	This classroom grant project aims to purchase materials to use alongside district-approved reading interventions for students who qualify for extra reading support. Providing direction and instruction for students learning to read is enhanced by offering more opportunities to practice skills with decodable text and by using a multi-sensory approach.	Laura Davidson	WR / K-5	\$ 1,820.00
Westridge Elementary	<u>PE Equipment</u>	We are hoping to update some staple items in PE. The items we currently have have been well-loved for many years. We have made them work, but at this time we are in need of new items to continue using for years to come. We use these on a daily basis because they are materials that are much needed in every grade and class of PE. For students to be successful in all of the skills we are working on new materials and equipment are a need.	Frannie Walsh	WR / K-5	\$ 1,775.62
TOTAL WESTRIDGE ELEMENTARY SCHOOL CLASSROOM GRANTS					\$ 3,595.62
